

A Mistaken Marriage with Mr. CEO Novel

Chapter 46 To 50

Chapter 46 The so-called Old Ancestors

Shen Qi was very fast.

In less than twenty minutes, they had all cleaned up.

Looking at He Yi Ning's outfit for today, Shen Qi took a glance up and down to confirm that he did not need to make any other modifications.

"Let's go." After Shen Qi tidied up everything, He Yi Ning immediately said.

Shen Qi was startled. "I want to go as well?"

Wasn't she only responsible for styling?

Why did he have to follow him to meet someone?

"Why don't you stay behind and pay the bill?" He Yi Ning raised his eyebrows and looked at her.

Shen Qi immediately carried her bag and stood modestly to the side.

Seeing Shen Qi being so cooperative, this time, not only He Yi Ning could not hold back her laughter, the four helpers all could not help but laugh.

Previously, the other three assistants still did not understand why their CEO would always bring this stylist along.

Everyone came to a realization when they saw the scene in front of them.

So my clan's CEO still has such a ... What a prank.

They quickly went downstairs and got on the van they had prepared earlier.

Shen Qi miraculously discovered that no matter where He Yi Ning was, there would always be cars waiting by for him at all times.

This was what it meant to be rich!

After walking for more than an hour from the downtown area of C City, they turned onto a mountain road.

Shen Qi leaned on the window as she looked at the scenery outside, and could not help but ask curiously: "Are we going to enter the mountain?"

He Yi Ning was currently holding onto tablet computer as he took care of some official matters. He answered without raising his head: "Yes."

Shen Qi thoughtfully nodded her head, it turned out that the senior lived in the mountains!

It really was ... A little bit wild.

He Yi Ning looked at Shen Qi who was sprawled in front of the window, staring fixedly for a full minute before saying, "There's no need to be so polite when you meet people in a while. He is not a stingy person, and people do not like hypocritical pleasantries. "

Shen Qi nodded very seriously, showing that she understood.

However, when she saw someone, she knew what that meant.

The car drove along the winding road for about an hour before it stopped at the top of the mountain.

Shen Qi got off the car, and looked around. It was like natural oxygen, the air was extremely fresh.

A sea of trees and a sea of trees could be heard.

When he grew up, if he had the conditions, it would be great if he could find a place like this to live in seclusion.

"Hahahaha ..." "You finally came to see me." A man's loud and clear voice came from behind Shen Qi, who subconsciously turned his head to look.

Seeing that, Shen Qi's face immediately became weird.

He saw an extremely tall and muscular man of about forty years of age striding towards him.

Bridge Bean Bag...

Didn't He Yi Ning say that he was an elder?

Wait, how old is He Yi Ning this year? I think he's twenty-six?

But this muscular man in front of him looked to be only ten years older than He Yi Ning.

At his age, how could he possibly live in seclusion!

"Brother Mo." He Yi Ning walked up and hugged him tightly: "Sorry, I'm only here to see you now."

"Good kid, I guess you have some conscience. You knew how to bring your wife to see me!" The sturdy man raised his eyebrows at Shen Qi and said:

"Little miss, you choosing to marry Yi Ning, is simply the best decision!"

Shen Qi immediately flushed red and stuttered, "No ... Not... Yes, you misunderstood ... "Actually, he and I were ..."

"Alright, stop standing outside and talking. Come, come, come in!" The Brother Mo didn't even give Shen Qi a chance to explain, she embraced He Yi Ning's shoulders and turned towards the house happily.

Only then did Shen Qi realise that two rows of wooden houses were erected on the side of the mountain.

It was obvious that this was Brother Mo's home.

He Yi Ning actually did not explain anything, and only smiled faintly: "I brought you something good this time, I'll keep you satisfied."

"Great!" Come, come, let me guess if it's my favorite vodka... " Brother Mo and He Yi Ning happily entered the house. Shen Qi stood alone in his original spot for a long time without recovering.

, don't you plan to explain yourself?

Shen Qi's mouth was wide open, she finally understood the meaning behind those words.

That is, do not explain anything, because the other side will not listen to your explanation...

Xiaochun forced out a smile and invited Shen Qi to follow his in.

Shen Qi's expression had always been one of shock.

Other people had already guessed that such a thing would happen. Everyone was laughing at her.

All right, all right.

Shen Qi could only grit his teeth and follow them into the house.

Although these houses were much smaller than the villas in the city, it was undeniable that they were very unique and exquisite.

Shen Qi stood on the balcony and surveyed the scene, just enough for him to see the mountain stream in the depths of her eyes.

The scenery here is not at all inferior to the scenery in "If you are sincere, do not disturb 2".

At this time, Brother Mo passed a cup of tea to Shen Qi.

Shen Qi hurriedly received it. "Thank you."

"What's the little girl's name? How old is she?" Brother Mo looked at Shen Qi with a beaming smile.

Shen Qi answered somewhat uneasily: "My name is Shen Qi, you can call me Xiao Qi. I'm 23 years old this year."

"Oh, not bad, not bad. and she's very compatible with Yi Ning! " Brother Mo replied with a smile.

"Ah ... " I think you have misunderstood, my relationship with the Director He is only at a normal level ... " Shen Qi explained the problem very

seriously.

"That's right. Men and women, isn't that the relationship between the upper and lower levels? I understand, I understand. You don't have to explain it so clearly to me!" Brother Mo straightforwardly patted the wooden stake beside Shen Qi and laughed out loud.

Shen Qi was immediately dumbstruck.

This person was a talkative person, but he refused to listen to the explanation?

"No, what I mean is, Director He is my boss!" Shen Qi emphasized once again.

"It doesn't matter. Soon, you will be his boss!" "Hahahaha!" Brother Mo still had an expression of "I understand".

Shen Qi helplessly raised a hand to cover her face.

Well, she was wrong.

"That brat Yi Ning is not bad, cherish him well!" After Brother Mo said this, he shook his head and said: "Don't be polite with me when you're here, just play around."

"Ah ..." "Yes, thank you." Shen Qi thanked him helplessly.

During lunch time, Brother Mo pushed Shen Qi all of a sudden to He Yi Ning and said with a hearty laugh, "The two of you, come sit together, don't provoke us, this group of people who eat dog food."

"Puff ..." Shen Qi really couldn't hold back anymore this time. "Cough cough, cough cough ..."

He Yi Ning took out a tissue and handed it over to Shen Qi.

"Thank you, cough cough ..." "I'm sorry." Shen Qi apologized in a sorry state.

The four of them from Xiaochun standing at the side could not help but laugh.

After waiting for Shen Qi to calm down, He Yi Ning raised his head and said to the Brother Mo: "Brother Mo, I came to you this time to ask for your help."

Chapter 47 Don't ask about the past

When the Brother Mo heard He Yi Ning, he paused for a moment. After a while, he said, "Yi Ning, you know that I have already washed my hands with gold. "Look at me, I'm living on this mountain now, growing some vegetables and raising some chickens, ducks, geese, and so on. It's good to have something to eat and to drink."

He Yi Ning lowered his eyes slightly, a hint of disappointment flashed past his phoenix eyes, "I still remember when you were young, you followed your father and went through a life and death struggle. You also said that there was no need to return a horse's hide when there were bones buried all over the mountain. In the past, when I was young, I always took you as my role model. "

Brother Mo's finger trembled as his thick finger ruthlessly wiped off the blood on his face. He then retracted his previous joke and said seriously: "That's right, how good were my and Boss He's back then ... Yi Ning, it's not

that I'm not willing to help you, but that I've really broken off all ties with him. "

"Brother Mo, I do not plan to bring you back out of society. I just want to use your network." He Yi Ning smiled lightly and said: "It's already very difficult to infiltrate that line of communication in the United Arab Emirates. If I want to open up a situation in the United Arab Emirates, I have to use those networks from back then. My family has always been very opposed to my father, you know. In my grandmother's eyes, my father had always been unprofessional. Otherwise, they wouldn't have let me take over the He's Consortium so early on. "

Brother Mo was silent for a moment, before raising the wine cup in front of him and drinking it all in one gulp.

The hot and spicy liquor made Brother Mo exhale comfortably.

"Yi Ning, I am really happy that you were able to bring your wife to see me. However, I really can't agree to such a thing. " Brother Mo said solemnly: "He's Consortium is better in your hands than in your hands. When I left that year, I swore to never ask about the past again. I'm sorry, I can't help you. "

He Yi Ning seemed to have long guessed that this would happen, but he was not discouraged, he only laughed and said: "Alright, since you insist, I will not force you."

Shen Qi sat at the side, it was truly like sitting on pins and needles!

Was there really no need to avoid what they were saying?

Furthermore, when they mentioned He Yi Ning's father, their expressions were obviously heavy. It was obvious that there was something that they could not discuss!

Was it really okay for him to be listening on the side?

Shen Qi saw that the atmosphere was heavy and took the initiative to lighten it: "This tea is not bad, I like it very much."

"This was picked from the Tea Mountain back home. If you like it, bring it with you when you go back." Brother Mo said to Shen Qi with a smile.

"Really? "Thank you so much." Shen Qi immediately said.

With Shen Qi's interruption, the conversation they had just now was finally over.

After finishing their meal, the Xiaochun and the rest quickly cleaned up the table.

Shen Qi couldn't even help if she wanted to, she could only wave her arms and run out to watch the show.

At the back of the two rows of houses, there was a vegetable patch with neatly planted vegetable seedlings.

Not far from the vegetable patch, there was a flock of chicken and duck geese.

Shen Qi had never seen domestic animals before, hence she curiously went over to watch the show.

At this time, a white goose was laying an egg. It was trying so hard to squeeze out the egg.

Shen Qi squatted on the ground and looked at it for a long time. She felt that this Large White Goose was in extreme pain.

Shen Qi could not bear to help it anymore and decided to help it!

While Large White Goose was using all of her strength, Shen Qi grabbed the egg that was already halfway out with both of her hands and pulled.

Putong, the warm big goose egg was pulled out by Shen Qi.

Large White Goose who was laying the eggs with all her might was immediately stunned!

She turned around in disbelief and saw that the human had pulled her baby out of her body!

Too despicable!

Shen Qi looked at the Large White Goose in a baffled manner. She had helped her out of good intentions, so there was no need to look at him with such gratitude in her eyes, right?

Wait a minute, is its eyes really grateful?

Are you sure it's gratitude?

Why did he feel such malicious intent?

Suddenly, Large White Goose screamed at Shen Qi, all the fur on her body standing up, and pounced at Shen Qi viciously, as though she wanted to fight to the death with Shen Qi.

Shen Qi was shocked, she carried the goose egg and ran!

When the Large White Goose saw Shen Qi carrying its egg and running away, she became even more furious and chased after Shen Qi with her head lowered!

Shen Qi was scared out of her wits!

She had only helped the Large White Goose, why did she keep chasing him around the courtyard?

The commotion caused by the two of them immediately attracted the attention of everyone in the room.

Seeing that He Yi Ning had come out, Shen Qi immediately rushed towards him, shouting as he ran: "Ahhh, save me! Why is this goose chasing me! He Yi Ning, come quickly!"

Shen Qi was still holding onto the still warm big goose egg, and hid behind He Yi Ning in an instant. The Large White Goose continued to relentlessly chase after Shen Qi.

Shen Qi immediately stuffed the egg in her hand into He Yi Ning's bosom and ran off as she scampered, "Don't chase after me, I've already given your egg to He Yi Ning, go chase him!"

The Large White Goose did not care about its eggs, it had already decided that Shen Qi would not give up!

Seeing Shen Qi being chased around the courtyard by a Large White Goose, He Yi Ning laughed out loud in an extremely disrespectful manner.

Every time Large White Goose caught up to Shen Qi, she would ruthlessly pinch Shen Qi's leg.

Everyone came out of their rooms. Seeing Shen Qi being chased out by the Large White Goose, everyone burst out laughing.

Brother Mo laughed until tears were flowing, "Emma, I have been here for so many years, but it has never been as lively as it is today!"

The others also laughed heartily, but they did not dare to laugh out loud due to their status.

Shen Qi ran to He Yi Ning's side once again and circled around He Yi Ning with Large White Goose.

Shen Qi was already out of breath from running, she really couldn't run anymore, and completely forgot about the relationship between her and He Yi Ning, as she grabbed onto He Yi Ning's arm, and gasped, "You ... "Save me instead ..."

Seeing that He Yi Ning only smiled but did not help, Shen Qi did not care about anything else!

She suddenly rushed in front of He Yi Ning, her hands wrapped around He Yi Ning's neck and jumped up as she instantly grabbed onto He Yi Ning with her two legs. She was like a koala bear, unable to get down from the bed even if she died!

Xiaochun: "..."

Xiao Xia, "..."

Xiao Qiu, "..."

Xiao Dong, "..."

He Yi Ning himself: "..."

The one who instigated this, Shen Qi, was still roaring at Large White Goose: "I helped you lay your eggs out of the kindness of my heart, and you still want to kill me! She really had no conscience! "If I hadn't seen how difficult it was for you to lay an egg, I wouldn't have pulled it out of your stomach!"

Brother Mo: "..."

He Yi Ning's gaze that was filled with killing intent instantly swept over the aggressive Large White Goose. Large White Goose was extremely intelligent, and immediately felt He Yi Ning's killing intent, and immediately gave up, obediently retreating to the side.

Seeing that the Large White Goose had finally retreated, the relieved Shen Qi suddenly froze.

Her current posture...

Chapter 48 [The couple are going to live together,]

Shen Qi lowered her head, just in time to meet He Yi Ning's pair of extremely deep phoenix eyes.

He Yi Ning's face did not show any expression.

Shen Qi's hand trembled, and subconsciously let go of her hand.

With this release of his hands, Shen Qi's entire body collapsed backwards.

Just at that moment, He Yi Ning suddenly reached out and wrapped his arm around Shen Qi's waist, he pulled back his arm and Shen Qi's entire body was pressed in front of his chest once again.

Shen Qi felt the warmth and strength coming from her waist, and she was completely terrified.

"Right... Sorry... "I'm not ..." Shen Qi blinked, he did not know what to explain.

Damn, she wanted to explain, but how?

"You still can't bear to leave?" He Yi Ning's phoenix eyes became even deeper, and his tone became very calm: "How long are you planning to stay on my body?"

Shen Qi regained her senses and quickly let go of her leg, falling onto the ground.

The moment he landed, Shen Qi felt his legs go weak.

Heavens, what had he done today ...

At this time, Brother Mo walked over while wiping his tears, and said: "Yi Ning, your son is truly an eye-opener ..."

Shen Qi was so embarrassed that she wanted to find a hole to hide in.

It was over. He had truly lost all of his face today.

"I'm sorry, I have never seen the Large White Goose lay an egg before. I saw that it hadn't laid an egg for so long, that's why I wanted to help it." Shen Qi

did not bother to explain, but upon hearing this explanation, Brother Mo laughed till he couldn't stand up straight.

Shen Qi was so frustrated that she almost disappeared once again.

He Yi Ning forced himself not to laugh and said: "Alright, this is a goose egg that you snatched away with your life, keep it properly."

The goose egg that had carried He Yi Ning's temperature in its hand once again, turned around and left.

Shen Qi opened her mouth, looked at the people around him who were laughing so hard their stomachs hurt, lowered her head, held onto the eggs, and gloomily went back into the house.

In an afternoon, Shen Qi didn't want to go out even if she was beaten to death, so she carried a praying mat and sat on the balcony to look at the scenery.

Listening to the music in the earphones, she carried a tablet computer and went online. While blowing on the wind in the mountain stream, if she could ignore the embarrassing incident from before, it would actually be quite enjoyable.

Shen Qi did not even want to ask nor did she want to know the purpose of He Yi Ning's visit today.

So hiding here was the most comfortable thing to do.

Her brother's computer skills were getting stronger and stronger. Every time Shen Qi went into his mailbox, he would be able to see the video that her brother had sent him.

Shen Qi also recorded a video for herself and sent it to Shen Lu.

The moment the email was sent, Shen Lu immediately replied with a string of codes.

Shen Qi rubbed her temples with a headache. Ever since big brother read Zhan Bo's hacker book, he started to get more excited with his code.

Shen Qi sent another video over, teaching Shen Lu to write Chinese characters in her reply, instead of writing her code.

Thus, Shen Lu obediently followed Shen Qi's instructions and wrote a string of Chinese characters.

Just then, Xiaochun came over and greeted him. "Miss Shen, CEO invites you."

Shen Qi immediately nodded towards Xiaochun: "Alright, I'll go over immediately."

After hastily comforting Shen Lu, Shen Qi quickly closed the mailbox, and turned to look for He Yi Ning.

I wonder why he's looking for me? Do modeling now? It doesn't seem necessary, does it?

Shen Qi raised her hand and knocked on the door. He Yi Ning, who was in the room, did not even raise his head and said: "Come in."

Shen Qi forced herself to enter and greet him: "Director He, you were looking for me?"

He Yi Ning pointed to the direction of the chair and immediately sat down obediently, waiting for his orders.

He Yi Ning's ten fingers kept on tapping on the keyboard. After working for a whole ten minutes, he finally knocked on the door and returned to his work.

Shen Qi's heart was in turmoil, and she wondered if He Yi Ning was planning to settle the score with him.

That was true. He had been stupid since yesterday.

After forcefully kissing him last night, he had yet to settle the score with her.

Today, she was chased by the Large White Goose and climbed directly onto his body ...

His IQ wasn't that low before?

Why did something happen the moment I met him?

"Shen Qi." He Yi Ning gently said with a voice filled with magnetism. Merely uttering this name was enough to make countless women go crazy for.

Unfortunately, those women did not include Shen Qi.

Shen Qi was still anxiously waiting.

"Ah ..." Shen Qi looked at He Yi Ning blankly, and thought about how he would defend himself if he wanted to settle the score with him ...

But before Shen Qi could say anything, He Yi Ning suddenly asked: "You said you study aesthetics?"

Shen Qi replied in a daze, "Yes ..."

What did it have to do with aesthetics that he wanted to settle the score with me?

Was he going to settle the score with her in an aesthetic way?

"Come and take a look." He Yi Ning pushed the notebook in his hand, and the image turned towards Shen Qi.

Shen Qi hurried over and looked down.

Eh? Isn't this a design of the eighteenth-century Russian-style embossed columns in Rome?

Why would he make this design?

Although Shen Qi did not graduate from architecture, she could still tell the difference with a single glance. She pointed to a certain location and said: "This place is very contradictory. Take off one of the Roman pillars here, add a corner gate here, and make a vaulted roof here, and it will be better. The eighteenth-century Russian architecture was somewhat different from the French Roman architecture. Basically, they are all reflected in a few spots here. "

He Yi Ning immediately made a few changes according to where Shen Qi pointed.

Needless to say, the design immediately became much more pleasing to the

eye.

Shen Qi could not help but ask, "You study architecture?"

"Finance and management." He Yi Ning replied, "I used to live in Princeton."

Shen Qi opened her mouth wide, Alright, I didn't ask her anything.

"This is a blueprint designed for the Brother Mo. These houses are all temporary buildings, sooner or later we'll have to tear down and build a larger castle." He Yi Ning said.

Shen Qi thought gloomily, what did he mean by saying all these? Explain to yourself?

At this time, someone knocked on the door. "Director He, Miss Shen, the rooms have been cleaned up, would you like to take a look?"

He Yi Ning immediately kept the design and said, "Let's go and see how the room is doing."

Shen Qi glanced at the houses, she was not worried that there were not enough rooms anymore right? So many houses!

Shen Qi flung her hands with a relaxed expression and followed He Yi Ning to a room at the side.

The room was truly beautiful.

Typical of a room, hall, and kitchen guards, the surroundings were covered with gauze curtains. There were no other buildings around to ensure privacy.

After Shen Qi looked inside and out, she could not help but ask: "What about my room? "Where do I live tonight?"

The person who brought them to the room immediately replied in a strange tone, "You're husband and wife, of course you live together!"

Husband and wife...

Husband...

Shen Qi immediately looked at He Yi Ning in horror.

No way!

He Yi Ning, explain yourself!

Chapter 49 Living together again?

Living together again?

Seeing Shen Qi desperately shaking her head at him, the corner of He Yi Ning's mouth could not help but curve.

Even Shen Qi was roaring in her heart.

Laugh at your sister! Quickly explain it all!

If this goes on, I'll sleep with Large White Goose!

He Yi Ning cleared his throat and said: "Are there any other extra rooms?"

The other party had a brilliant smile on his face. "Yes, but they are all spare rooms." And, you know. On the mountain, there were many Ant, Snake and

Insect Rats. "The chores are basically not tidied up, so spiders, rats, snakes and the like ..."

Shen Qi felt goosebumps all over her arms, she felt goosebumps all over her body.

When he thought about those small animals, Shen Qi immediately said, "Ah, I think this room is pretty good. It's just right for two people."

He Yi Ning endured his laughter and continued walking.

Shen Qi sighed.

What kind of fate was this?

It looks like I'll have to sleep on the sofa again tonight ... Ah, no, I guess I'll have to make a bed tonight.

Forget it, let's just make the floorboard.

He was on a business trip, not out for pleasure!

Even though he had not been of any use until now, he was here on a business trip!

Shen Qi continuously built up her heart. When she saw the entire room, she didn't mind making a bed.

Because this room is really quite nice.

After that person had left, Shen Qi immediately said: "The weather right now is not cold either, I'll sleep on the floor. I will not disturb you tonight! It's true! "

He Yi Ning only gave her a meaningful glance, but did not say a word.

Shen Qi embarrassedly stepped back to the side to put on her background.

He Yi Ning suddenly asked: "If you have a way to convince the Brother Mo to help me, I will cancel your debt of five hundred thousand."

Shen Qi was startled. Eh? What do you mean?

Let him go?

How could he deal with something that he couldn't even do himself?

However, five hundred thousand!

With his 500,000 yuan, he would be able to find a better doctor for his brother. Perhaps, he could recover faster.

Shen Qi was unavoidably tempted.

"Are you serious?" Shen Qi asked in disbelief.

"Yes." The corner of He Yi Ning's eyes twitched as he looked at her extremely flirtatiously.

"Then... What do you want him to do for you? " Shen Qi asked worriedly. Her instincts told her that this matter was definitely not that simple.

Indeed, He Yi Ning's next sentence almost sent Shen Qi to hell.

"Brother Mo has a dark net in the United Arab Emirates, I want to use this dark net to contact the people there, I accidentally bought a plot of land in the United Arab Emirates. He did not expect to find natural gas in the ground, so if he wanted to extract it now, he would need to use some connections. Brother Mo has very strong connections in the United Arab Emirates, as long as he appears, there's no mistake. " He Yi Ning actually explained it to Shen

Qi.

Shen Qi was stunned: "This matter is very big?"

"Worth tens of billions of euros, don't you think?" He Yi Ning chuckled.

Shen Qi bit her lips in a dilemma for a long time before saying: "Then, if I help you, I ask for your payment!"

"So greedy." He Yi Ning suddenly extended his hand and touched Shen Qi's forehead.

The ice-cold feeling caused Shen Qi to instantly fall asleep on the spot.

He was a male god!

What was the point of being close to the people?

"Five hundred thousand, no more." He Yi Ning sized Shen Qi up from head to toe, and said: "If it wasn't for the fact that I don't dare to beg for my father's help, I wouldn't even have come to ask for Brother Mo's help. When I had to, I would ask my father. It's not like we have to go this way. "

Shen Qi clenched her teeth: "Deal."

Seeing Shen Qi clenching her teeth in anger, He Yi Ning couldn't help but laugh.

Sure enough, taking her outside had added a lot of fun.

"If you can complete your mission today, you will sleep on the bed tonight."

He Yi Ning continued to spray bait.

Shen Qi glanced at the huge bed inside.

Ah, what a comfortable bed!

Everything on the bed was the best. Every embroidered flower on the bed sheets was handmade.

He had never slept in such a good bed in his life before.

For the debt, for the big bed, give it your all!

During dinner, Brother Mo laughed out loud for a long time before he even started to speak, when he saw Shen Qi.

The moment Shen Qi opened her mouth, the Brother Mo couldn't help but want to laugh.

Shen Qi was depressed.

It's over. When I'm in front of him, I can forget about having an image.

Shen Qi who was eating this meal did not know the taste.

When it was almost the end, Shen Qi carefully asked: "Brother Mo, can I have a chat with you later?"

Brother Mo quickly looked at He Yi Ning, and nodded: "Alright."

After getting the approval of the other party, Shen Qi was finally able to relax a little.

After finishing his meal, Shen Qi continued to prepare for the meal as he followed Brother Mo to the tea room.

Don't look at how big and sturdy Brother Mo was, his skills in making tea was quite good.

"Yi Ning asked you to come, right?" Brother Mo pushed the teacup to Shen Qi.

"Thank you." Shen Qi received it with both hands: "Mn ... "Yes."

Brother Mo looked at Shen Qi with a smile: "Do you know why Yi Ning is looking for me?"

"He said he wanted to use your network to connect with the United Arab Emirates. He bought a plot of land and detected the gas." Shen Qi replied honestly.

"He told you everything." Brother Mo chuckled: "Then do you know why I didn't agree to it?"

Shen Qi shook her head honestly.

"Then do you know who Yi Ning's father is?" Brother Mo continued to ask.

Shen Qi felt it was strange. Why did they all ask him that? He Yi Ning asked herself, and the Brother Mo asked him too.

He Yi Ning's father was obviously someone from the He Family!

"Then do you know why the He's Consortium was not given to his father, but passed to Yi Ning directly from the generation of his grandfather?" The Brother Mo asked again.

Shen Qi blankly shook her head.

How did she know about the Wealthy Class?

"Then you probably don't know about my relationship with Yi Ning's father anymore?" The Brother Mo said with a smile.

Shen Qi nodded her head obediently.

"Alright ..." Brother Mo speechlessly shook his head and said, "You don't know anything, why are you here to help him?"

Shen Qi replied embarrassedly: "Eh ... I have a little deal with him. "As long as I succeed in persuading you, he can ..."

Shen Qi did not finish her words, but Brother Mo was thinking of a lot of secrets that had to be told to a couple.

"Boss He never liked business since he was young. He liked to dance with blades and make spears. As a result, the Boss He went out early in the year and hid his name to participate in the selection of the U.S. Army's Delta Force. Afterwards, he felt bored and went to Africa to form his own team. I was Boss He's second follower, a part-time bodyguard at his side back then. Because the Boss He is unreliable, the He Family Old Man said that as long as he gives birth to the successor of the He Family, he can play with him as he pleases. "

Shen Qi opened her mouth wide.

Ah ... His father-in-law in name was actually so unreliable!

Speaking of which, how did his nominal husband become the adopted son of the He Family?

Chapter 50 Shen Qi completed the mission

"That's why I say that line is more like Boss He's than mine." The Brother Mo continued to speak, "What Boss He has done outside these past few years, I am not very satisfied. However, the only thing that Boss He did the right thing, is to give birth to Yi Ning as his successor. "

Shen Qi didn't know what to say at this moment!

"If Yi Ning uses me to connect to the network, I would probably be beaten up by the Boss He. Because back then, Boss He patted his chest and swore that he would never bother with He Family's matters. " The Brother Mo continued.

"Yi Ning must be hiding this from the family as well. If the Yi Ning were to be found out by his family, he will probably be punished by his family. " The Brother Mo continued, "Actually, there was no rush to develop it. As long as Yi Ning has patience, and is able to unravel their relationship from other aspects, he will be able to succeed. "

www.onlinefreenovels.com

He did not know why, but Shen Qi suddenly felt that the reason He Yi Ning came to the Brother Mo to help out was not because of the development of the land.

but to... He Yi Ning's father.

No matter what, no matter how much He Family disliked this son of his, he was still a person of He Family!

And he was even He Yi Ning's biological father!

He Yi Ning definitely did not do it for no reason.

"Even so, I know that my request is excessive. But please think about it. " Shen Qi held the teacup in his hand and said softly, "I have been dead since a very young age. Actually, I do miss my dad. I think he's the same. "

"I did come up with a lot of excuses to convince you. But after listening to you, I know that everything is superfluous. " Shen Qi said calmly: "Right now, I simply want to help a man who I want to see father with all my might. Even if it's just a little closer to his father. "

"I like to look at the stars. Because I remember very clearly, there was a little brother who told me that when people die, they become the stars in the sky. So I always wondered, which star would be my father? Would he be able to see me grow up and be sensible? Would he be very pleased? " Shen Qi looked outside at the starry sky and leisurely said, "I really want to tell dad that I've grown up and become sensible. I've grown into the person he hopes to see the most."

"I'm sorry," I said, thinking of my father. I do not speak of my miserable life to seek your sympathy. Furthermore, He Yi Ning's father is still alive, and he's even living happily. This situation is completely different from mine. " Shen Qi regained his senses and said: "The decision is in your hands, I can only recommend it."

Brother Mo suddenly changed the topic: "What do you think of Yi Ning?"

Shen Qi didn't understand why she would ask such a question, but she replied honestly: "On the surface, it looks like a rather cold male god, but his heart is actually pretty good."

"Nice heart?" It was the Brother Mo's turn to be surprised: "You actually think so?"

Shen Qi's expression turned strange as she thought about it. Although he was

indeed mean at times, she always made fun of herself. But she really didn't do anything heinous to her!

It was only right that he should pay for ruining his own clothes.

He saw that he was short of money and had even given himself a portion.

This person wasn't bad.

At this moment, Brother Mo finally smiled meaningfully, "He truly is different to you ..."

Shen Qi scratched her head inexplicably, she did not understand what the words meant.

This conversation ended magically.

When Shen Qi returned to her room, she was still confused.

However, He Yi Ning opened a bottle of red wine in his room. Seeing that Shen Qi had returned, he smiled.

"Come, celebrate your success." He Yi Ning handed a cup of wine to Shen Qi.

Shen Qi was at a loss: "I didn't succeed huh?"

He Yi Ning didn't say anything as he clinked his cup with Shen Qi's. "Cheers."

Shen Qi opened her eyes wide: "Did I really succeed?"

He Yi Ning drank all the wine in his cup in one gulp.

Shen Qi immediately flew into the air happily!

Ya ya ya, it was actually so easy to succeed?

Great!

After the debt of 500,000 yuan was cancelled, he only had less than a million yuan left!

He would be able to sleep in He Yi Ning's big bed tonight!

Hahaha, I'm so happy!

"Does the bed really belong to me?" Shen Qi could not hold it in for a while, and asked while beaming.

"Mm ..." He Yi Ning smiled craftily.

Shen Qi happily rushed straight into her bedroom, laid down on her bed and rolled back twice in a big circle.

Ah, so comfortable, more comfortable than I thought!

That He Yi Ning guy really knows how to enjoy himself!

"Ah, I'm going to take a bath first. I can finally enjoy tonight!" Shen Qi quickly got up from the bed and rushed into the bathroom happily while carrying his toiletries. He was so happy that he took a bath.

Shen Qi was very fast this time.

It seemed that the large bed was very attractive to her.

It only took twenty minutes.

When she was happily rolling around on the bed in her furry bunny pajamas, when she raised her head, she saw that He Yi Ning had actually also entered the room.

Hm? What did he come in for?

Are you going to take the quilt and pillow?

Ah, yes.

Of course, it would be his turn to make the bed tonight.

Shen Qi picked up a pillow with her doggy legs and was about to give it to He Yi Ning, but who knew that He Yi Ning was guarding her face as she unbuttoned her shirt.

Solve... Unbutton?

Didn't he say that as long as he succeeded, the big bed would belong to him tonight?

He couldn't be planning to go back on his words, right?

He Yi Ning did not miss the stiffness in Shen Qi's body, nor the look of disbelief in her eyes.

He Yi Ning's movements were quick, he opened all the buttons of his pajamas completely, directly lifting up the blanket and was about to go to bed.

Bridge bean sack!

Shen Qi hugged her pillow in an instant and stammered, "Director He, you said it before. As long as I can succeed, I'll sleep on the bed tonight! "

You, a Great CEO, actually went back on your words.

Is it easy for me to sleep in this big bed?

The corner of her eyes swept towards Shen Qi, and answered as if nothing had happened: "That's right."

Ha! Looks like you have to admit it! Then what did you come up for!?

Shen Qi immediately said in a huff: "This bed already belongs to me."

He Yi Ning couldn't help but laugh, "I just said that you can sleep on the bed tonight, and didn't say that I'm going to sleep on the floor."

Shen Qi's eyes instantly went wide, "Ah?"

How can this be!

As a Great CEO, he was actually playing word games with a small stylist!

He let himself sleep on the bed, but he didn't leave!

He's sleeping with me tonight?

Don't ah...

He was his sister-in-law!
